

Lynne's Parliament and Haringey diary

Lynne Featherstone is Member of Parliament for Hornsey and Wood Green

Comments about Lynne:

" I do appreciate very much your replying promptly and frankly - as usual, I'm happy to say! You deserve to get relected, in my opinion, just for your excellent responsiveness and minute attention to everything. "

UK Youth launch a blog

Typing is still slow - so will reproduce extract from press release from someone else:

UK Youth, the leading national youth charity supporting 750,000 young people, is today launching a blog which introduces an open forum to discuss youth issues in education and learning by non-formal methods. We want to hear your ideas on non-formal learning and other concerns regarding young people. We hope this blog will create an opportunity to unite our work with those who care about the future of young people and want a say in the direction of youth policy.

We are always looking for new voices, fresh arguments, and innovative ideas. Please feel free to comment on upcoming discussions on this blog and if you would like to contribute please don't hesitate to contact our blog team.
